Supporting Widows in the Quad City Area

## Purpose

The death of a spouse causes stress that affects us physically, financially and spiritually.

The psychological effects alone can bring on sadness, anxiety, and loneliness. Most widows lose 75% of their support base when their spouse dies.

Approximately 700,000 women are widowed each year.

As you face these challenges, Widow's Might will be there for you.

## Meetings

## Mission Statement

Widow's Might US of Prescott stands for empowering, supporting and engaging with the widows in our surrounding area, to follow God's words in James 1:27.

*<sup>27</sup> "Pure and undefiled religion before our God and Father is this: to care for orphans and widows in their distress, and to keep oneself unstained by the world."*

We strive to help each widow to maintain her joy of life through our readiness to walk alongside her through this season of life.
